You Know Good Times Here With Your Friends Are Over

On the very hot, humid evening of May 21 the Class of 1978 graduated Parents, grandparents, relatives and triends watched as one hundred ten of the one hundred thirteen graduates marched in the processional. This is the largest class to graduate and the gumnasium was filled to overflowing with many standing in the hails trying to get a glimpse of the graduates.

After the graduation chorus sang "I Believe," each senior waited anxiously for his name to be called and approached the stage, hoping he would not trip and would remember with which hand he was to receive his diploma.

It was a beautiful graduation and after each senior received his diploma, he was presented a yellow rose, the class flower, by one of the three valedictorians or salulatorian.

Winter Storm Blast

Over six inches of new snow making a total accumulation of 22 plus inches on the ground in less than two

Through Midwest

Again this year Old Man Winter played havoc with Ohio and the Midwest. Record amounts of snow fell in the month of January. A fierce blizzard crippled practically everything for a day or two.

Winds of 70 and 80 miles per hour were reported and snow drifts up to 15 were the main problems. Many people were stranded in their homes as well as in their cars on the highways and were almost frozen when rescue teams were able to free them. Many plants, schools, and state offices were closed. Governor James Rhodes declared a state of emergency.

Then, if the freezing temperatures were not bad enough the coal strike caused an energy shortage which caused many parts of the state to cut down on electricity plus when the electrical wires were blown down, many people were left in cold and dark houses.

While the stores were running out of bread and milk, many who owned four wheel drive vehicles were out saving drivers from their stranded cars and assisting the National Guard in getting to people in time to get them to shelters and to food and the medical attention that was needed. If it were not for those people, the Bizzard of '78 would have been a fot worse.

What will happen if the Winter of '79 should be a mixture of our past two winters??????? Who knows, but HEAVEN help us if it is!!!!!

Never has there been such a galaxy of Cuhrazy characters. There are Maw and Paw Snorkel (Carol Siemer and Chuck Kreitz) who think their son, (Mike Almashy) the Hunkering Hero, must have stopped to play on the way home from school (he's been gone for two weeks) Then there's the boisterous, hot tempered little coach (Von Stickdorn) who hasn't won a gine in years, the curning and stunning campus cuties (Lisa Merck e Gretchen Siemer Debbie Bringardner, Patti Spicer, Judy Irwin) the all-beef-no-brains footbal team (Gary Pyle, Drew Street Tim Luning Randy Rupe Bill Harvey, Glen Wilson Matt Sanford, Dave Thompson, Mike Almashy Randy Merckle, Steve Thompson) Then there is the wacky clumsy professor (Terry Gaddis) the shimmering cheerleaders (Mary Toth Michelle Donohoe, April Mock and Carol Starlin) who won the audience with their dismal, lack fustre cheering. And of course our one and only cute announcer Todd Smith

2nd period Spanish I class

The fourth annual language fair took place at Ohio University in the Convocation Center on April 22, 1978

The attendance was well over fifty schools with two thousand students participating. There were approximately fifty students along with Mr. and Mrs. Norris attending from Miller.

Miller was the proud recipient of four prizes. They were one superior, two excellents, and one good

Receiving the good rating was the Spanish III and IV class of first period. Receiving the two excellent ratings were Spanish II of fourth period and Spanish I of second period. And finally, receiving the superior rating was Spanish I of seventh period

Next year's language fair is expected to be even better, so, good luck!!!
